

jetzthaus – Ortenberg

Reference:

Awarded with the „Design Award 2008“ the company „jetzthaus“ builds design oriented solid-construction houses nationwide on highest level. Adjacent to high requirement to energy efficiency (2-litre-technology) importance is attached on harmonic and functional design-adjustment in interior equipment. It starts with the multimedia equipment and the touch-screen-control up to kitchen equipment.

In the kitchen the user achieves by embedding the high class boiling water system ZIP HydroTap® anytime directly boiling water at the push of a button for preparation hot drinks.
